

## Seneca College Official Document Cover Page

Seneca College official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature.

If you have received notification of this document and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is not official and may not reflect the most recent version.

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. Under no circumstance should a printed copy be relied upon as it could be subject to tampering. This document is shared as a single-use transaction between the learner and the recipient and downloads are for record keeping purposes only. Forwarding or reproducing this document will render the document not valid.

### **Security information**

To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with <https://learner.mycreds.ca>.

When viewed in PDF format in Adobe 9.0 (or later), the digital signature of the document should be interpreted as follows:

The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up to date document). If the document does not display a valid certification and signature message, reject this document immediately.

This symbol with an "x" in a red circle signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and therefore has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature on-line, reject this document.

This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

## Previous Grading Systems

Please refer to the Seneca academic policy regarding previous grading scales and systems - [senecacollege.ca/about/policies/academics-and-student-services.html](http://senecacollege.ca/about/policies/academics-and-student-services.html).

## President's Honour List

The President's Honour List recognizes consistently outstanding achievement by students, and is granted to students who, within certain requirements, have achieved a grade point average of 4.0. (For details of requirements, please refer to the Seneca academic policy - [senecacollege.ca/about/policies/academics-and-student-services.html](http://senecacollege.ca/about/policies/academics-and-student-services.html)).

## Credit Value/Credit Weight

Seneca offers courses on the semester system, and generally a one semester course is taught for 3 hours per week for a 14-week period.

## Milestones

Milestones are additional program requirements that must be completed in order to graduate.

## Graduating GPA

Final GPA calculation of all courses required for graduation from a specific program.

## Term GPA

Calculation of all GPA eligible courses for a single term.

## Program GPA

Calculation of all program required, GPA eligible, courses taken in a specific career, if applicable.

## Cumulative GPA

Cumulative total of all GPA eligible courses taken in a specific career.
